Congratulations! You have been nominated by your school principal and teachers to represent your school at the **Harmony Technology Camp for Girls on Friday, April 17, 2020** at the HP Inc offices in Fort Collins. HP, Hewlett Packard Enterprise, Intel, Micro Focus, Broadcom, NVIDIA, AMD, CloudBees, and Microsoft are thrilled to host this event to recognize young ladies such as you who demonstrate excellence in and enthusiasm for math and science.

Have you ever wondered what an engineer does in her daily work? What kinds of challenges and problem solving do you like to do? During the Harmony Technology Camp you will have a chance to find out answers to these questions through hands-on projects hosted by engineers. You and other girls from Northern Colorado schools will experiment, invent, be creative, and have fun. You will also meet many female engineers at the camp who will share how they became hooked on and excited about math, science, and technology.

On behalf of all of us at Harmony Technology Camp for Girls, congratulations on being selected to represent your school. We are very excited to meet you and spend the day together!

Parent/Guardian: Please help your child fill out and return the enclosed Application, Emergency Information, and Release forms to us in the envelope provided, postmarked no later than March 13, 2020.
